## Public Meeting to Be Held This Thursday Evening to Decide on Fall Exhibition

A meeting of the Agricultural Society will be held in the Town Hall this Thursday evening, commencing at 8 o'clock sharp, for the purpose of considering the advisability of holding a fall fair.

When the government decided to withdraw the grant, it was thought by many of the members of the society that the fair should be dropped this year and that the organizations get behind the school fair. However, of late there has been a greater feeling that the fair should be held and the prize money cut down to meet conditions.

As it is desired to get a clear-cut decision on the matter, a large attendance of members and the public in general is requested.

## Large Attendance Open-Air Service Saskatoon Island

Impelling Address Given by the Rev. Dr. E. A. Oliver—Was a Perfect One and the Service is Greatly Enjoyed by Both Old and Young.

Last Sunday, at Saskatoon Island, the annual open-air service of the Wesleyan pastoral charge of the United Church was held. Each summer this service is eagerly looked forward to by an increasing number of people, and this year there was a record attendance, all the larger communities within a radius of fifty miles from Wembley being well represented.

The day, a fine, warm summer day, was the perfect one for the service, for the purpose, as also is the location on the shore of beautiful Lake Wapiti, where at this time of the year the dense thickets of Saskatoon bushes are heavily laden with luscious fruit, the gift of a generous Creator, in whose praise and glory many of the multitude had gathered, even as the apostle Paul, of course the big circle of automobiles was a modern touch to the scene in Biblical days, as was the dress and the bobbed hair of the women and the shining coats of the men; nevertheless, the spirit of the gathering was the same. However, a somewhat ancient aspect was given by the large volume of Indian berry pickers located near the shore.

Rev. A. L. Carr had charge of the service and opened it with the Gospel, followed by hymns. A hymn was sung. "Unto the hills around do I lift up my longing eyes, O Lord, which the Rev. Mr. Carr read a scripture selection from Isaiah. The Rev. Messrs. Hunt, Chappell and McNeil sang "Ye Gates Lift Up Your Heads on High" and there was a hymn. The service was a most successful one, all desires on the part of the audience to applaud. The Rev. Mr. Chappell followed with prayer and a hymn.

## Large Turnout At Golf Picnic Given by Ladies

The picnic held at the Richmond Hill Golf and Country Club on Thursday evening last, was a most successful affair, with over 100 people in attendance.

Sharp at 6:30, the lunch, which was spread on the grass, was a most successful affair, with over 100 people in attendance. The picnic was a most successful one, all desires on the part of the audience to applaud. The Rev. Mr. Chappell followed with prayer and a hymn.

The committee, consisting of Messrs. A. C. Christie, C. W. B. Smith, C. Fleming, C. G. Butcher, and A. Dainst, are desirous of receiving expressions of gratitude from the club for the way in which they put up the luncheon.

Following lunch a mixed two-ball foursome was played and a driving competition for men also was held. After the driving competition everyone wanted their way to the shore.

Between songs President J. H. McNeil thanked the committee for the picnic.

While in the gymnasium he expects to train in the gymnasium. The management of the Lake Hall, now being used by local hotels. The fans will have an opportunity to see in action one of the greatest wrestlers in the game today.

Taylor was looking in the pink of condition after winning his last bout, recently held at Calgary, against Don Delaur.

## Rycroft to Hold Sports Day August 3

RYCROFT—On Monday, July 25, a meeting was held and it was decided to hold one day of sports at the Agricultural grounds at Rycroft on August 3.

J. L. Hanna was chosen chairman and S. B. Mauer secretary. They have also selected various committees to handle the numerous events that will be put on.

Among the sports planned are horse races, baseball, basketball, tennis, horseback riding, and catching the greasy pig.

A dinner in the evening will bring the day to a close.

## Otto Berg to Be Matched Against a Good Man From the Outside

Jim McDonald, manager for Otto Berg, informs The Tribune that plans are under way to match Berg with a good man from the outside.

Berg is working out daily and will be in condition to go any route. McDonald will take place early in August, in the Elks Hall.

## WONDERFUL CROPS IN CHAMPION DISTRICT

H. T. Lamont, manager of Bank of Commerce at Champion, Alberta, and formerly manager of the branch at Wembley, is a visitor to the district, the guest of Joe McLean of Semath.

Seen by The Tribune man, Mr. Lamont said, discussing crop conditions, that the Champion country had one of the best crops in its history and it was expected that at least a million and a quarter bushels of wheat would be shipped from that point. Over ten inches of rain had fallen since April 20.

Mr. Lamont is accompanied by J. D. Dobbs of Vulcan.

The Senator who joined the ranks of the beneficiaries since leaving here, was looking in the pink and hopes to meet his many friends before leaving.

The unfortunate young man was soaping the drive belt and his arm became caught in the belt. He was carried around the shafting and thrown against the mandrel. His left arm and shoulder were broken and his skull fractured.

## Large Party from Saskatchewan Go To Rose Prairie

Edging Saskatchewan farewell and shaking the dust and sand of that province from their feet, a party of 144 journeyed on to the Rose River country, camping on Thursday last four miles north of Grande Prairie.

The party are Mr. and Mrs. Brock and eight children, ranging from 4 to 28 years of age. Also, Mr. and Mrs. Arthur Lusk and six children, ranging from 15 down; Helms Nelson and Richard Nelson, from Rock Glen, Sask.; and Mr. and Mrs. Otto Krause of Hilly Hill, Alberta.

The Krauses include three cabbages, ground, and the produce of the wagon containing machines, household goods, hens, etc. The whole crew is camped near the bridge in the west before the railway, when the wagon and the horse were the only means of transportation.

Browned by the sun during their 1,200-mile trip, which commenced on May 8, the party was a jolly one. The ladies played around as they had already arrived at their new home. The chickens dusted themselves with the same assurance that no harm would befall them as if they were their own way.

The cows and horses were grazing while two collie dogs stood over the hens, looking after them.

The hens furnished sufficient eggs, while the cows supplied milk along the long trail.

Asked if they had experienced much trouble with sickness and some of the party replied that the hens were their own way.

The party had made careful preparation for the trip, with the result that they had been very comfortable without serious illness. A blackberry bush, which they had brought, enabled the party to sleep their horses, made necessary when the gravel road was reached and they had had to sleep on the ground.

There were 31 horses, all looking fit, notwithstanding that they had had to sleep on the ground.

## Severe Hail Storm Hits Portion of District; Grain Average Cut 50 per Cent

One of the worst hail storms in the memory of the oldest settlers in the Grande Prairie district occurred on Monday, between 12 and 1 p.m.

The storm, which started below Wembley and in places spread three and four miles to the north, was a northeasterly course, passing over the Grande Prairie district, where, according to reports reaching The Tribune, it petted out a distance of about fifteen miles.

The storm was of a freakish nature, but it lifted in places, missing many acres, only to sweep down again further on.

Fortunately there was very little wind, although it is understood that further northeast the hail was accompanied by a strong wind.

So far as Grande Prairie is concerned the damage to gardens was slight.

There are a few hundred per cent losses reported. While the loss cannot be definitely fixed, it is estimated by those who have covered the area, that the average loss will be in the neighborhood of fifty per cent in the entire district swept by the storm.

Walter Mellick reports that he had a loss of about 75 per cent. His wheat was killed and that many of the small crops were also killed.

The most regrettable feature of this very few of those whose crops were saved was the average maintained by the storm was so much that it nearly offset the damage done.

While the storm was tough on those who were not so lucky, it was a counteracting factor in that practically the entire country received a shower of rain, which was much needed and the extra yield in the crops of the rain will more than offset the damage done.

SPIRIT RIVER NEWS  
AND COMMENT

By MAJOR R. C. FITTON

Mr. O. Watkins has fully recovered from his accident and is now in a boat from Peace River to Keg River Landing, where he will spend a few weeks holiday with his wife and daughter, Mrs. L. G. Harrington.

Mr. C. G. Watkins is spending a few days at Slave Lake, accompanied by Mrs. Watkins and daughter, Ellen.

I thought that the new house at Blueberry, built by Althoff, was heading for the Benedicto Express. It was a fine house, but it was at Spirit River on Monday last, after a prolonged trip to the coast, and brought back with it one of the most charming young ladies that I have ever known. She is a former Miss Walker, who taught school for a period at Blueberry Mountain, and is now a student at Mitchell. Good luck, property and every happiness in the wish of the community to this young couple, just starting life together. May all their troubles be over and their joy be long.

Born at the Spirit River Hospital, Mr. and Mrs. Gabor, a lady born Mr. John W. Barnett, accompanied by his wife and daughter, they arrived at Spirit River, where they will stay at Spirit River, and district. Mr. Barnett is a well-known resident of the Peace River district, and is a member of the Teachers' Alliance of the Peace River district. He is the father of our popular young doctor, Dr. Barnett.

What might have turned into a very serious affair was saved by the presence of the fire department. The fire department was called out by the fire alarm, and they arrived at the scene of the fire. The fire was caused by a short circuit in the wiring, and it was extinguished by the fire department. The damage was not serious, and the fire department was praised for their quick response.

Arrangements All  
Made for French-  
Canadian Picnic

A flag and sign will be placed at the corner of the Hilton Trail, marking the directions and carrying other information for those who attend the French-speaking picnic at Primrose Point, on Bear Lake, on Sunday, July 30.

Mass will be held on the grounds at 11 a.m., Father Grogan officiating. Those who do not wish to attend are requested to attend. Everyone is requested to bring lunch.

**LADY BERRY PICKERS**  
**CROSS WAPITI ON WAGON**

The following Grande Prairie ladies had the novel experience of crossing the Wapiti on a wagon on their way to pick raspberries, when according to the plan, they were to go by wagon, the berries are so thick that it would be almost impossible to pick them by hand.

Although the water came up over the poles they were standing on, the ladies held their heads wonderfully well. Of course, according to one of the husbands who accompanied them to the river, the ladies engaged in a little whooping while crossing.

They will remain on the Crowe, who will be waiting for them at the bridge for several days, when they will be picked up by a truck to carry home the berries.

**INTEND TO STICK TO CATTLE**  
**RAISING IF AT ALL POSSIBLE**

The following from the Goodwin district were recent visitors to town: Mrs. R. Crowe, Miss Cherry, W. Bowditch and T. Crowe. They were with their husbands, who had about 250 head of white-face cattle, and were on their way to the river, the ladies engaged in a little whooping while crossing.

They will remain on the Crowe, who will be waiting for them at the bridge for several days, when they will be picked up by a truck to carry home the berries.

**HYTHE LEGION BANQUET**

Returned men are reminded that on August 1 the Hythe branch of the Canadian Legion are holding a get-together banquet in the Donald Hotel. All returned men are invited. It is understood that a number of returned men from Grande Prairie will attend.

**The Acid Test**

Salesman, Ladies and gentlemen, I have here the famous *Yucca* which will stand any kind of treatment. You can find it double-leafed and it is a hammer—you can twist it.

Interested listener: "Say, Mister, can you comb your hair with it?"

The rudder of the S.S. *Berenaria* sinks 55 tons.

**Miss Sally Lockstad**

of Vancouver will be at the **VOGUE BEAUTY PARLOR** during the month of August, where she will give \$10 Permanent for \$8.50.

**THE CAPITO**
